NOTES AND ORDERS.

The rate of Scholarship to Mysore medical pupils has all along been regulated by that Sanctioned by the Madras Govt. The present rate of Rs 10 for the pupils for the 2nd & subsequent years of their course was fixed so far back as June 1871 i.e

nearly 37 years ago when according to Chief Commrs. Mem. no 102 dated 7th June 1871 the medical pupils were in addition to Scholarship of Rs 10 entitled to free quarters or hutting money in lieu thereof during their Stay at Madras. But now the medical pupils do not get such extra allowance in addition to the bare ~~Scholarship~~ Stipend which do not even meet half way their legitimate expenses in connection with their Stay at Madras. In this connection it may be mentioned that the rate ~~for lady~~ for female candidate, was raised some years ago from 10 to Rs 15 and that it is also under contemplation to raise the rate for male candidate for higher studies. Further the cost of the proposals will ~~be large~~ be small as shewn below

Since pupils are now trained in the local medical School.

The Senior surgeon recommends herewith that it maybe given from 1st Aug 1918. As pointed out in the office note (Para IV) page 2, there will be 22 pupils in the 2nd year Class & 10 in the 3rd yr Class who will have the benefit of the increased (27) rate have to be disappointed.

12 × (15-10) × 12×2 = 1440
10 × (5) × 12 = 600

The extra cost involved in the S.S's recommendation is about 2000 for 2 yrs.

There would be no difficulty in finding this extra if it is considered really necessary.

As we have now started a local medical School the stipendiaries in which are now getting the same stipend as in the Madras School the grant of the proposal will probably lead to increased expenditure in the local School also. On financial consideration it does not seem desirable to accede to the proposal.

SIR,

The undersigned one of the several Mysore stipendiary pupils undergoing training at the Royapuram Medical School Madras, in view to qualify for the L. M. P's grade beg very respectfully to lay before you the disabilities he has been labouring under and sincerely trust that you will graciously accord a kind perusal and favourable consideration of his appeal.

It is a fact not unknown to you, Sir, that the cost of living, accommodation etc. at Madras has increased by leaps and bounds, so much so that an ordinary meal cannot be had for anything less than Rs. 12/- per head per month and the rent of the room is not less than Rs 3/- other sundry expenses such as Dhoby's, Barber's etc ranges from Rs. 2 to 3.

In proportion to the abnormal increase of the cost of living etc. nothing has been done till now to enhance the rate of scholarship that has been originally fixed at a time when things were far more favourable than they are now.

The memorialists position is quite at variance with that of the Madras civil pupils, who though they were in receipt of a stipend similar to him till now, have been allowed an increased rate of Rs. 15/- per mensem, in consideration of the present costliness of living etc. From this it becomes apparent that his brother pupils are placed at a better advantage than himself in the matter of increased stipends, not to say anything of their prospects after qualification which you are aware of, are more tempting than those of the memorialist.

Under the above circumstances he respectfully begs leave to consider the facts detailed above and to solicit your condescension to graciously accord early retrospective sanction for an enhanced stipend.

Soliciting your honour's parden for the liberty taken to ventilate the grievences which has been a long standing one in the case of the unfortunate Mysore pupils.

The Memorialist begs to remain,

Your most obedient servant,

P's grade beg very respectfully to lay before you the disabilities he has been labouring under and sincerely trust that you will graciously accord a kind perusal and favourable consideration of his appeal.

It is a fact not unknown to you, Sir, that the cost of living, accommodation etc. at Madras has increased by leaps and bounds, so much so that an ordinary meal cannot be had for anything less than Rs. 12/- per head per month and the rent of the room is not less than Rs 3/- other sundry expenses such as Dhoby's, Barber's etc ranges from Rs. 2 to 3.

In proportion to the abnormal increase of the cost of living etc. nothing has been done till now to enhance the rate of scholarship that has been originally fixed at a time when things were far more favourable than they are now.

The memorialists position is quite at variance with that of the Madras civil pupils, who though they were in receipt of a stipend similar to him till now, have been allowed an increased rate of Rs. 15/- per mensem, in consideration of the present costliness of living etc. From this it becomes apparent that his brother pupils are placed at a better advantage than himself in the matter of increased stipends, not to say anything of their prospects after qualification which you are aware of, are more tempting than those of the memorialist.

Under the above circumstances he respectfully begs leave to consider the facts detailed above and to solicit your condescension to graciously accord early retrospective sanction for an enhanced stipend.

Soliciting your honour's parden for the liberty taken to ventilate the grievences which has been a long standing one in the case of the unfortunate Mysore pupils.

The Memorialist begs to remain,
